Volunteer opportunities in which you will meet people and learn more than you can imagine!	✓	✓	✓

Grower: A Grower member has lavender plants established in the ground, or has future plans to, in the United States or internationally.

Affiliate: This category includes individuals in commercial manufacturers, processors, suppliers, and retailers of equipment and associated items and services.

Friend of Lavender: Available to all lavender enthusiasts, an individual who has an overall interest and enjoyment of lavender without the intention of becoming a lavender grower.

At USLGA, we recognize the importance of collaboration and knowledge sharing and we believe in the power of cross-pollination of ideas and expertise. USLGA offers a \$25.00 discount for members who belong to another horticultural organization.

We would not be where we are today without the information and help we have received. And we still have a lot to learn and discover.
